

## Project Resourcing

*Do you require experienced and reliable change professionals?*

Shape Consulting supports your change team to improve your organisations capabilities by establishing, operating and handing over the governance, methods, benefits and people improvements required for **on-going change success**.

Our consultants are skilled in ensuring your change is effectively integrated with the underlying processes to manage the programs, projects, services, processes, information and benefits.

We are able to provide a full **“end to end” service** where our professional consultants lead the change program whether it is an operational, program or transformational change.

Shape Consulting also believes in the value of ICT systems to help “lock in” and increase the productivity of your change program.
